

Date: September 17, 2021

From: Rob and Mary Franzo, 7755 North Matheson Road, Northport, MI 49670

To: Ty Wessel, County Commissioner District #4, twessel@leelanau.gov

Michelle L. Crocker, County & Circuit Court Clerk, clerk@leelanau.gov

Subj: Public Comments, Special Committee of the Whole Session, September 20, 2021, at 1:00 p.m.

We are not able to physically attend and are writing to express support for the November 5, 2019, voter approved Early Childhood Services tax proposal in Leelanau County.

The Leelanau Early Childhood Development Commission site:

<https://www.leelanauearlychildhood.org/early-childhood-development>

has published an information page “Factual Statements on the 5 Main False Statements Regarding the Millage” that clarifies the Early Childhood Development Program and its benefits.

We agree with the sentiment and statements made by Commissioner Ty Wessel as reported in The Leelanau Ticker on September 17, 2019, and specifically reference:

“If there was a sincere interest in program improvement or cost reduction, Chairman Bunek would have scheduled a time to have discussion about program needs and possible cost reductions.”

We ask that the County Board of Commissioners reconsider their action of nullifying the will of the Leelanau voters, who participated in the November 5, 2019, election, and support the approved millage.

Sincerely yours,

Rob and Mary Franzo
