

September 19, 2021

Dear Ms. Rushton,

You do not represent me as a Leelanau Commissioner even though, sadly, I am in your district. How many times have you spoken with me? How many times have you attempted to contact me? The voters approved a millage for early childhood education and programs. How dare you and the other 3 renegades try to void what the voters have mandated. I am so disgusted with the antics of you and your cronies. Shame on all of you.

Every single week there is another “drama” happening with the three commissioners plus one. Shame on all of you. When you start hurting children with your actions; that is when I draw a line with any support of you.

Please do the right thing for the children, families and people of Leelanau County, not your own agendas.

Gaytha McVay
