Subject: Public Comment for BOC meetings today and tomorrow

Hi.

I would just like to say that taking away all funding for the young among us is a bad idea. If we don't invest in the young we will have to invest much much much more in them later.

If we don't take care and give them a good beginning they wont turn out to be the responsible adults we all want and need, to be to take care of us all as we grow older.

Please don't take this funding away.

I don't have any children but I know that we have to invest in their future and in turn my future now.

I'm glad to pay what has been voted in by the people for the good of all the people in the future.

Thank you in advance for not taking this away for the future of Leelanau.

Kristi Hallett

Take Care.

Love what you have, before life teaches you to love what you lost.
