Michelle, please share with the Board of Commissioners at Monday's Meeting.

Dear County Board of Commissioners,  
The actions taken by some to zero the funds for Early Childhood are disturbing on several levels.

1. To disregard the VOTE OF THE PEOPLE regarding Early Childhood Funding is a blatant disregard of the will of the people, who voted in favor of the millage.
2. Your action is an indicator of your low priority for the needs of our children.
3. Weak defense of the cost of the millage to taxpayers is distorted and miss leading. \$38/per year for a \$150K home.

You ignore the VOTE OF THE PEOPLE  
You ignore the needs of the children and families who benefit from the program.  
You put your need to flex a muscle of power over the needs of struggling children and families.

Children are the "Hope of Spring " and deserve all the nurturing possible, available, and chosen by the voters to grow in as healthy environment as possible.

By taking away this millage, you show how little you value life.
