Subject: Proposal to reduce early childhood millage to .000

Dear Leelanau County commissioners,

Please make this part of the county record. It is with great concern that we have learned of your proposed action to eliminate the early childhood millage to .000.

The citizens of Leelanau County voted in favor of this highly needed, worthy program to support the development of the youngest citizens of our county. It is beyond our comprehension how you can simply disregard the will of the voters.

What does our future hold here? Do our votes not count? Will this set a precedent for future elections? What does your action tell our young people?

Please, uphold the will of the voters. Please do what's right for our young children and fully fund this valuable endeavor.

Respectfully,
Jeff and Jean LaCross
Lake Leelanau
