If the Commissioners are allowed to overthrow what the majority voted in, they will do it again. The mileage was voted in by a majority and it should be upheld by the Commissioners no matter if they don't like it. It doesn't matter what their opinion is about the recipient of the mileage. IT was passed by the majority of the voters in our County. If they can not represent and respect what the majority voted in, then they should be considered derelict in their job and lose their paid position of Commissioner.
