Dear Leelanau County Board of Commissioners,

 Copy link

As a Leelanau County resident, I was shocked to learn that the Board of Commissioners is considering reducing the voter approved Early Childhood Services Millage to 0.0, effectively eliminating the program. The proposal passed in a special election and it is not the role of the Board to overturn the will of the voters. This sets a dangerous precedent and undermines the democratic process.

While attempting to reverse a voter approved millage would be wrong in any circumstance, it is especially shameful to defund crucial early childhood services that many children and families depend on. The research and data driven practices that the administrators of these programs are guided by have proven positive outcomes for children, families and the entire community.

community.

The concerns raised by some of the commissioners regarding the funding of the services supported by this millage do not warrant the drastic approach of eliminating the millage. The global pandemic may have delayed the start of the programs but much progress has been made and so far over 170 home visits have taken place, over 30 playgroups have convened and the Mom Power program is full and has a waitlist of mothers eager to join. The issue of redundancy with other programs has been raised but the services funded by the millage expand access and scope significantly as compared to those provided by other organizations.

The Early Childhood Services programs are in their infancy and it takes time to build awareness, fine tune the offerings and collaborate with other organizations. Reducing or eliminating funding just as they are getting off the ground would be a waste of the tax dollars we have already spent and a slap in the face to the administrators just getting started and the families benefiting from these programs.

When Leelanau County residents voted to pass this millage we were voting to make our county a more welcoming and supportive place for families and children. As the saying goes, 'it takes a village to raise a child' and we voted to be a part of that village. If you nullify that vote by reducing the millage to 0.0 you are sending a deeply harmful message about what this community values.

Thank you for taking the time to read this letter and for your service to this county.

Amy Murphy	Northport	MI	49670	US	2021-09-18	"My own family was supported and so very helped by home visits and play groups provided by Parenting Communities. Such that I have earned a home visit. These services would not have been available to us because of our income and the risk factors if I had not been in that program. Not the efficacy and environmentalism was excellent. I needed the support. Don't make it harder for a parent to be a parent and a thriving family, in our community."

Jamie Chamberlain	Burtone Bay	MI	49852	US	2021-09-18	"The fact that we even need a petition to stop our local officials from denying support for our kids is absolutely "Pro-Bo" but only until the child is actually here in the community and needing care, resources, education and support. If people like this can get elected, just think of what those of us with careers and values could accomplish if we would just believe we were worthy and qualified enough to run. Because guess what? We are."
Mertha Ryan	Easton Bay	MI	49832	US	2021-09-18	"Early Childhood education and involvement for children and parents should be a high priority in the county. That is one reason I voted for this millage. The Board does not have the authority to nullify my vote."

I cannot stress enough the impact intervention has in early education. The citizens of Leelanau Co. approved this millage to invest in the outcomes of their youngest residents. For these special parties commissioners to pull the short is disgusting."

Ferry Kowalski	Trevesse City	MI	49628	US	2021-09-18	"The 'Hops of Spring' are the children of our county. To have their nutrients withheld due to the actions of those who should be caring for and protecting them is worse than any storm or drought that change brings. This action is deliberate, uncaring, largely void of any foresight to the negative outcomes inevitable in the future. They not only rob the children, they lose the will of the people which our government is founded on."
Bob Schwab	Leeland	MI	49654	US	2021-09-18	"The members of Leelanau County Commissioners passed that early childhood education is essential. If only the commissioners in question would have had effective early childhood education when growing up, they would have learned how to communicate with others peacefully, listen to others effectively, learn from others, and learned how to play nice with others."
David Bower	Oshtemo	MI	49636	US	2021-09-18	"When they people vote and pass something, it is not acceptable for elected officials who disagree to undermine the will of the people"
Rose D'Amico	Burtone Bay	MI	49852	US	2021-09-18	"Leelanau County commissioners support in 2018 for our youngest citizens and that further to grow in love and to succeed in our lives. The millage was approved by voters - the Board of Commissioners should NOT disregard that approval. Especially not in the strongly "united" manner that the topic was presented & then narrowly approved when in committee. We hope the overall BOD will heed our concerned voices."
Janey Banks	Burtone Bay	MI	49852	US	2021-09-18	"I mean early childhood education for 10 years waiting in homes with parents and children ages birth to 5. Research supports the effectiveness of these programs and I experienced it first hand. The brain develops the most synapses and is most flexible for learning up to age 5 years."
Danae Morfson	Trevesse City	MI	49628	US	2021-09-18	"First, I believe we need to strongly support early childhood services. It is one of the most effective ways to make long lasting positive healthy growth in our community's children and therefore make a healthy community for the future. It helps avoid so many problems which cost the community much more money in the long run. Secondly, changing our voting system to the voter's decision expresses a citizen's belief that they can participate in our democratic process and have their voice heard. This is a huge problem in our current political landscape. You can basically lobby people to change a vote if you vote because it will just be decided by a small number of people it power. Millage are a very good way for people to decide how they are going to be taxed. PEOPLE WANT THEIR VOICES HEARD AND THEY WANT THAT TO COUNT!"
Jeffrey Lee	Trevesse City	MI	49628	US	2021-09-18	"I live in Leelanau County. Our millage is essential. There are so many reasons to not do this program - from a business perspective we need diverse (rather than all ages to live in the county), to the importance of early childhood education to our culture and humanity, to the importance of respecting our voting system. If BOD think this is important, they should not be so high on their list of priorities and ask voters to put the people rather than overturn the will of the people who did make an effort to vote. The no vote voters, they voted on 'I don't care who says they vote' - fund the program. But we voted for!"
Collette Paret	Burtone Bay	MI	49852	US	2021-09-18	"Whenever we need to support our families with young children. Years of work went into the millage that was voted on a approved by voters. We can't let it get overturned by County Commissioners"

Jacqueline Chastagne	Trevesse City	MI	49628	US	2021-09-18	"Supporter Campaign (BOD) - Sit Not Trevesse City, MI 49628"
Danae Darrington	Brookside	TX	75202	US	2021-09-18	"They are going to collect over \$25,000,000 because the voters approved the millage. If they decide to use the money for something that is not what they voted, use the money for our children and families in Leelanau County."
Julie Roseboro	Leeland	MI	49654	US	2021-09-18	"The Leelanau County Commission are oversteering abrogating the democratically elected administration to enforce services to young children to improve their future."
Reeve Bean		US		US	2021-09-18	"The program(s) funded by the millage is irrelevant. The proposal to eliminate it is inappropriate and raises legal questions as well as reputational questions, such as: "On which ballot do those members represent and why?"
Kara Gregory	Burtone Bay	MI	49852	US	2021-09-18	"The strength of the future of the community is dependent upon how we treat our young children and families. When we work to improve families and their children early, we increase the potential for let in our county. It is our duty to continue to invest in our youngest population. Healthy children and families equate a healthy thriving community."
Donna Becker	Empire	MI	49830	US	2021-09-18	"The voters of our county approved funding for this program. County Commissioners have no right to stop funding. This is how a democracy works!"
Zachary Mikowad	Lake Leelanau	MI	49663	US	2021-09-20	"The voters have spoken: William Bunk, Dabir Hoshkar, Maude Lauther, and Rick Robbins should resign immediately. This type of political bullying has no place in a Democracy."
Debra Mingo	Leeland	MI	49654	US	2021-09-20	"Kids are the future."
Maria Peltier	Oshtemo	MI	49636	US	2021-09-20	"I taught kindergarten for many years. Early childhood education is so important. These kids come should have the best that we can give them. The voters told you, now do it!"
Katherine Hayes	Trevesse City	MI	49624	US	2021-09-20	"The County Board of Commissioners absolutely should not unilaterally override the will of the voters. This is unconscionable and unethical. Furthermore, the Board should show that they care as much about children after they are born as they do when they are unborn. Why is the idea that "voting at once" suddenly not worth knowing when it is an adult child?"
Robin Curless	Trevesse City	MI	49628	US	2021-09-20	"The vote to not fund a voter-approved initiative because one commissioner has deemed the will of the people "wrong" or another suggests "how vote turnout" is a reason to disregard a vote is a threat to freedom and sets a dangerous precedent."

Leah Dorn	Trevesse City	MI	49628	US	2021-09-20	"In addition to the benefits of early childhood education, it is the principle of the matter that is important to me. It was voted for by the people of Leelanau County and therefore should be respected by all."
Jack Deamus	Oshtemo	MI	49621	US	2021-09-20	"I believe these early childhood programs are important to our community."
William Maxwell	Dixton	OH	45154	US	2021-09-20	"I WILL make the world a better place for everyone!"
Aileen Wilson	Lake Leelanau	MI	49653	US	2021-09-20	"I am an adult leader and our families count on the service provided by Parenting Communities and their partners. When we are working in the field and early childhood development settings, we prioritize providing obstacles to development and protecting with their parents and caregivers. To do so often involves working with many agencies and individuals. Parenting Communities and county commission services are our first line of love in our collaborative efforts. The overall picture of sharing their resources with parents give the families a bridge of confidence in times of need. It really makes all the difference to them. It has given our skilled staff a feeling of connection with outside resources when working on the challenging situations. Maintain and expand early childhood supports and programs. Stop playing politics with the most precious of our people, the children!"
Leanne Dwyer	Trevesse City	MI	49624	US	2021-09-20	"It's wrong to completely cut off funding for Early Childhood programs. You represent the taxpayers!"
Rose Peeman	Novi	MI	48376	US	2021-09-20	"Every vote should count! 4 people on a board should not be allowed to take away a county's citizen's vote. I'm sure they wouldn't want to happen there if the babies were harmed. Shame on them."

Carrie Whitte	Burtone Bay	MI	49852	US	2021-09-21	"I voted for the mill and I don't want someone else to cancel our vote. I have a young child and these services we needed. How can we going to cancel or melt young families? It can't be allowed."
