Subject: Early Childhood Millage Support
Date: Tuesday, September 21, 2021 10:55:32 AM

Please record this email in the record for the September 21st BOC meeting.

John Fletcher
Bingham Township

The four Commissioners stance on terminating the early childhood millage reflects their anti-democracy, anti-integrity, anti-common sense and anti-facts posture.

Yesterday, Commissioners Bunek and Rushton both vainly attempted to negate, in fact lied, about their previous comments opposing the Millage. Their opposition to the Millage was recorded during prior BOC meetings.

We The People demand competent representation by the BOC. Commissioner Bunek and his allies must resign from the BOC if they cannot achieve this goal.

John Fletcher
