Subject: Funding for early childhood services

I strongly support continuing funding for early childhood services. I am appalled that 4 of our county commissioners would negate the will of their constituents by slashing funding for the early childhood services. Funding for this program was approved by a vote of the people! It is not up to the commissioners to overturn the majority vote because they think they know best! The people spoke with their vote. It is the commissioners duty to uphold that vote and abide by it!
