**Date:** Tuesday, October 12, 2021 12:21:47 PM

---

We support the Leelanau County Health Department's decision to require masks in our schools. They are the experts and until we are beyond the threat of Covid-19 infections, it's the sensible solution to protect our children at this time.

The Health Department has gone above and beyond to protect all of us in our community including vaccinated and unvaccinated individuals. Please do not cut any funding to the Health Department.

Please share with all Leelanau County Commissioners.

Thank you.

Dean and Dorian Creighton  
Kasson Township residents and taxpayers for over 36 years.
