Subject: Early Childhood Development programs - addendum to previous email
Date: Monday, September 20, 2021 10:18:55 AM

Hello,

This is a correction to an email I just wrote - I wish to clarify my comments. I realize that the millage request was not a "renewal," and that the money raised would go to support early childhood programs that had previously been funded by other sources, and not by a previous millage. The other points made in my email remain as they stand.

My apologies for my error.

Janis Rygwelski MD
