Subject: Resolution condemning racism

Dear Board of Commissioners,

Last week, local and national attention was focused on Leelanau County, not because of the usual positive reasons, but because of the ignorance and racism of an elected official. He is gone from our local government and he will not be missed.

Your resolution condemning racism is appropriate and appreciated. Thank you!

I offer you the opportunity to take it one step further by installing a bronze portrait bust Dr Martin Luther King Jr in the County Center, on the Grounds, or in a County Park. This sculpture is immediately available and, as the creating artist, I am offering it at a greatly reduced price. It is already installed in a Boca Raton, FL park and at two major Universities.

If you are interested, please contact me.

Best wishes,

Linda Ackley
Sculptor
