## **CERTIFIED COPY OF A RESOLUTION OF THE BOARD OF DIRECTORS OF FISHER CONTRACTING COMPANY A MICHIGAN CORPORATION**

The undersigned being the Secretary of Fisher Contracting Company, a Michigan Corporation, hereby certifies that at a regularly scheduled Board of Directors meeting held on September 24, 2020 the Directors executed the following Resolution, to wit:

Resolved, that this Corporation does hereby authorize and empower James W. Fisher, P.E.; Steven C. O'Mara, P.E.; Mark Edlebeck, P.E.; Shane Blankenship, P.E.; Michael A. Yenior; Russell D. Friedle III; Alan J. Simanskey; John P. Waskevich; Jeremy R. Morey; Joshua McClaren; John W. Fisher; Andrew LeBeau and Ellen Englund to sign bids and proposals on behalf of said Corporation.

Resolved, that this Corporation does hereby authorize and empower James W. Fisher, P.E.; Steven C. O'Mara, P.E.; Mark Edlebeck, P.E.; Joel S. Blankenship, P.E.; John Waskevich and John W. Fisher to represent, bind and execute contracts on behalf of said Corporation.

The undersigned further certifies that the fore going Resolution has not been rescinded, altered or amended, and that the same is now in full force and effect, and that all previous resolutions are hereby rescinded.

IN WITNESS WHEREOF, the undersigned has executed this document as Secretary of Fisher Contracting Company on 9<sup>th</sup> day of December 2020.

Witnessed:

On the 9<sup>th</sup> day of December, 2020 before me personally appeared John W. Fisher, to me known to be the person described in and who executed the foregoing instrument and acknowledged that he executed the same as his free act and deed.

Kimberly Marie Jones, Notary Public  
State of Michigan, Arenac County  
My Commission Expires: 02/24/2025  
Acting in the County of Midland

**EXHIBIT A**  
**CERTIFICATIONS AND ASSURANCES**

THIS FORM MUST BE COMPLETED AND RETURNED WITH YOUR PROPOSAL. FAILURE TO SUBMIT  
THIS COMPLETED FORM MAY RESULT IN DISQUALIFICATION.

Firm Name: Fisher Contracting Company

I/we make the following statement of assurances as a required element of the proposal to which it is attached, understanding that the truthfulness of the facts affirmed here and the continuing compliance with these requirements are conditions precedent to the award or continuation of the related contract(s):

1. The prices and/or data have been determined independently, without consultation, communication, or agreement with other proposers for the purpose of restricting competition. However, I/we may freely join with other persons or organizations for the purpose of presenting a single proposal.
2. The attached proposal is a firm offer for a period of sixty (60) days following receipt, and it may be accepted by Leelanau County without further negotiation (except where obviously required by lack of certainty in key terms) at any time within the sixty (60) day period.
3. In preparing this proposal, I/we have not been assisted by any current or former employee of Leelanau County whose duties relate (or did relate) to this proposal or prospective contract, and who was assisting in other than his or her official, public capacity. Neither does such a person nor any member of his or her immediate family have any financial interest in the outcome of proposal. (Any exceptions to these assurances are described in full detail on a separate page and attached to this document.)
4. I/we understand that Leelanau County will not reimburse me/us for any costs incurred in the preparation of this proposal. All proposals become the property of Leelanau County, and I/we claim no proprietary right to the ideas, writings, items, or samples, unless so stated in this proposal.
5. Unless otherwise required by law, the prices and/or cost data which have been submitted have not been knowingly disclosed by the proposer and will not knowingly be disclosed by him/her prior to opening, in the case of a proposal directly or indirectly to any other proposer or to any competitor.
6. No attempt has been made or will be made by the proposer to induce any other person or firm to submit or not to submit a proposal for the purpose of restricting competition.
7. I/we agree that submission of the attached proposal constitutes acceptance of the solicitation contents and the attached sample contract and general terms and conditions. If there

are any exceptions to these terms, I/we have described those exceptions in detail on a page attached to this document.

8. I/we acknowledge communication of any kind regarding my/our proposal directed to parties other than the Project Administrator may result in my/our disqualification.

9. I/we warrant that no conflict of interest knowingly exists for any member of the project team that contributed to this proposal or prospective contract.

**ERICK FORSHEE**  
**ENVIRONMENTAL HEALTH & SAFETY DIRECTOR**  
**YEARS EXPERIENCE: 27**

## **INTRODUCTION**

I have over 27 years of experience in industrial, residential and commercial construction, including his present responsibilities as Fisher Companies Director of EH&S, Community Relations & Special Projects. My duties as Director of EH&S include a constant review of local and state regulations to make certain we are providing the safest work environment for our employees. Revision and maintenance of the safety manual, while maintaining focus on protecting the general public. Continuously communicating to a team of safety professionals about safety issues, incidents, and lessons learned. I encourage them to be decisive, take action to address safety issues as they arise, and lead by example. Hazard assessments are completed for eight standalone companies that are owned by the Fisher Family. From those assessments, I work with our safety teams at each company to develop and implement safe operating procedures. We build action plans to correct any hazards on projects or within the facilities. We create training objectives that focus on local, state, municipality, the customer and the Fisher Companies requirements. I also work with management to conduct loss reviews, develop mechanisms to evaluate risks, implement controls, evaluate and share the results. My goal is to insure all Fisher Companies employees go home safe each and every day.

## **EDUCATION/CERTIFICATIONS**

## ABOUT US

**Fisher Contracting** is a heavy/highway civil contractor, performing work for a variety of federal, state, municipal, and private clients in Michigan, Kentucky, Tennessee, and other surrounding states. We put our experienced staff to work on a wide variety of civil infrastructure projects including site development, landfills, underground utilities, road construction/reconstruction, demolition, and environmental remediation.

We maintain a large, modern fleet of construction equipment - making certain to stay on the cutting-edge of new technologies and improvements. Our Registered Professional Engineers and Superintendents ensure that each project receives hands-on management, innovation, productivity, and is handled safely.

Fisher Contracting is a proud member of the Fisher Companies. Our top priority is 100% customer satisfaction through safety, quality, customer service, and integrity. With Fisher Contracting and the Fisher Companies, you will receive the friendliness and feel of a family-owned company, with all the benefits and capabilities of a large corporation.

## COMMITMENT TO SAFETY

The Fisher Companies are sincerely concerned with the safety of each and every employee, as well as the protection of the property of our companies, our customers, and the general public. We have developed, promoted, and are enforcing a safety program with several goals in mind — keeping accidents to an absolute minimum, to conscientiously maintain shop and work areas, and to ensure mechanically-sound equipment and tools.

## OUR SERVICES

e) Cost proposal and compensations

The cost to supply and install the platform per the schematic drawings provided in the RFP is \$41,400.00

Attached

Paints specification we plan to use for this project

Anchors we plan to use for this project

Schedule:

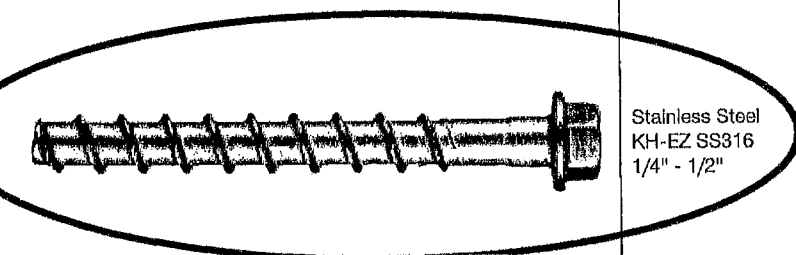

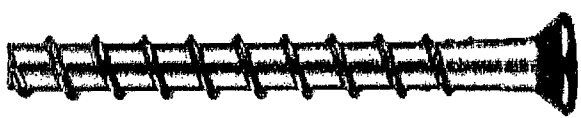

Assuming (2) weeks for producing shop drawings and getting approvals it would take another 4 weeks to fabricate and powder coat the ladder / platform. Total 6 weeks

Installation would take 2 days.

# PCMT70101 ENVIROCRON® Powder Coat

## Highlights

PPG's Envirocyl™ and Envirocron™ powder coatings are aesthetically pleasing, produce a durable uniform finish and can be custom formulated with finishes from high gloss to low gloss, and in a variety of textures.

PPG's "World Class" Epoxy Powder Coatings provide a combination of good physical and chemical resistance properties. This extensive line of Epoxy Powders is manufactured to meet the increasing requirement demands of the automotive and industrial markets. These sophisticated Epoxies are the solution to your smoothness, low-bake, durability and physical property requirements. An unsurpassed application development program enables consistently friendly use on a variety of substrates.

## Product Features

Industry leading corrosion properties

Fortified with corrosion inhibitor

Can be applied via DOD (Dry on dry), hot flock, gel or full cure.

Compliant to ISO 12944-6 C5-M High requirements over 2-3 mil profile blasted cold rolled steel and top coated with an appropriate polyester powder coating

Semi-conductive to help with acceptance of electrostatically applied topcoat

## Technical Properties

Property	Test Method	Value
Color		Ultra Primer PCEL160002
Appearance		Smooth
Gloss	ASTM D-523	0.0 - 10 @ 60°
Adhesion	ASTM D-3359	100% (5B Pass)
Hardness	ASTM D-3363	2H Pencil (Eagle)
Impact Resistance	ASTM D-2794	80 In.-lbs. Direct 80 In.-lbs. Direct
Conical Mandrel	ASTM D-522	1/8" - No Cracking
Salt Spray	ASTM B-117	5000 hours Pass 1000 Hours (degrease only) - Pass
Humidity	ASTM D-1735	100F, 100% RH - 2000+ hours
Scab Corrosion	SAE-J2334	120 Cycles-Pass

Film Properties were determined using 1.5 - 2.5 mils powder film over 22 gauge (0.032") cold rolled steel B1000 test panels. Also tested were iron phosphate treated CRS(cold rolled steel), Zirconium oxide treated CRS and Sa2.5 grit blasted CRS.

## Application Data

Application Type:	Electrostatic Spray
Recommended Bake:	10 Minutes at 340 °F Metal Temperature See Cure Curve PCM-028
Specific Gravity:	1.55 ± .05
Theoretical Coverage:	124 Sq. Ft. per pound at 1.0 mil
Shelf Life from Date of Manufacture (@40-60% RH):	77 °F Maximum - 12 Months

PPG recommends that all material be used in FIFO order (first in - first out).  
Materials that exceed the recommended shelf life should be tested prior to use.

## ENVIROCRON® Powder Coat

### Highlights

PPG's Enviracryl™ and Envirocron™ powder coatings are aesthetically pleasing, produce a durable uniform finish and can be custom formulated with finishes from high gloss to low gloss, and in a variety of textures.

PPG's "World Class" Ultradurable Polyester Powder Coatings provide a combination of good physical and chemical resistance properties with excellent resistance to outdoor weathering. This extensive line of Polyester Powders is manufactured to meet the increasing requirement demands of the appliance and industrial markets. These sophisticated Polyesters are the solution to your smoothness, low-bake, durability and physical property requirements. An unsurpassed application development program enables consistently friendly use on a variety of substrates.

### Product Features

Polyester TGIC chemistry  
Excellent Exterior durability  
Good chemical resistance  
UL Approved  
Tested and approved to material specification:  
1E1950H direct to metal or to  
1E1952H with approved primer.

### Technical Properties

Property	Test Method	Value
Color		60 Black UD
Appearance		Smooth
Gloss	ASTM D-523	55 - 65 @ 60°
Adhesion	ASTM D-3359	100% (5B Pass)
Hardness	ASTM D-3363	3H Pencil (Eagle)
Impact Resistance	ASTM D-2794	40 In.-lbs. Direct 20 In.-lbs. Reverse
Conical Mandrel	ASTM D-522	1/8" Mandrel - No Cracking
Salt Spray	ASTM B-117	1000 Hrs. Pass <1/8" Scribe Creep - No Blisters
Humidity	ASTM D-1735	1000 Hrs. Pass <1/16" Scribe Creep - No Blisters

*Film Properties were determined using 3.0 - 3.5 mils powder film over iron phosphated pretreated, 22 gauge cold rolled steel test panels (75 - 90 microns). Over Caterpillar approved primer, film properties were determined at 1.50 - 1.77 mils (38 - 45 microns). Minimum / Maximum topcoat DFT of 1.5 - 6.0 mils (38 - 150 microns). Minimum / Maximum system DFT of 3.0 - 7.8 mils (75 - 195 microns).*

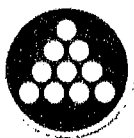

### Application Data

Application Type:	Electrostatic Spray
Recommended Bake:	10 Minutes at 400 °F Metal Temperature See Cure Curve PCT-001
Specific Gravity:	1.39 ± .05
Theoretical Coverage:	138 Sq. Ft. per pound at 1.0 mil
Shelf Life from Date of Manufacture (@40-60% RH):	80 °F Maximum - 24 Months

*PPG recommends that all material be used in FIFO order (first in - first out).  
Materials that exceed the recommended shelf life should be tested prior to use.*

\* Statements and methods described herein are based upon the best information and practices known to PPG Industries, Inc. ("PPG"). Any statements or methods mentioned herein are general suggestions only and are not to be construed as representations or warranties as to safety, performance, or results. Since the suitability and performance of the product is highly dependent on the product user's processes, operations, and numerous other user-determined conditions, the user is solely responsible for, and assumes all responsibility, risk and liability arising from, the determination of whether the product is suitable for the user's purposes, including without limitation substrate, application process, postcure/retreatment and/or processing, and end use. No testing, suggestions or data offered by PPG to the user shall relieve the user of this responsibility. PPG does not warrant freedom from patent infringement in the use of any formula or process set forth herein. Continuous improvements in coatings technology may cause future technical data to vary from what is in this bulletin. Contact your PPG representative for the most up to date information.

f) Identification of anticipated and/or potential project problems

Fisher Contracting's proposal does not include the following:

1. Engineered stamp fabrication shop drawings – No engineering included
2. No permits / fees are included
3. Proposal is based on the draft drawings provided. If the final agreed to shop drawings differ from this concept a change order would need to be issued.

**EXHIBIT B**  
**CERTIFICATE OF COMPLIANCE WITH PUBLIC ACT 517 OF 2012 FORM**  
*(Please type or print clearly in ink only)*

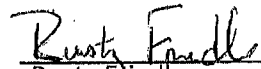

I certify that neither Fisher Contracting Company (Company), nor any of its successors, parent companies, subsidiaries, or companies under common control, is an "Iran Linked Business" engaged in investment activities of \$20,000,000.00 or more with the energy sector of Iran, within the meaning of Michigan Public Act 517 of 2012. In the event it is awarded a Contract as a result of this solicitation, Company will not become an "Iran linked business" during the course of performing the work under the Contract.

NOTE: IF A PERSON OR ENTITY FALSELY CERTIFIES THAT IT IS NOT AN IRAN LINKED BUSINESS AS DEFINED BY PUBLIC ACT 517 OF 2012, IT WILL BE RESPONSIBLE FOR CIVIL PENALTIES OF NOT MORE THAN \$250,000.00 OR TWO (2) TIMES THE AMOUNT OF THE CONTRACT FOR WHICH THE FALSE CERTIFICATION WAS MADE, WHICHEVER IS GREATER, PLUS COSTS AND REASONABLE ATTORNEY FEES INCURRED, AS MORE FULLY SET FORTH IN SECTION 5 OF ACT NO. 517, PUBLIC ACTS OF 2012.

h) Acceptance of conditions

Fisher Contracting will comply with the contractual terms and conditions as delineated in this RFP.  
No addendums are acknowledged

**EXHIBIT C**  
**CHECKLIST FOR RESPONSIVENESS**

Yes Proposal was submitted on or before 3:00 p.m., local time, on April 22, 2022.

Yes Required number of proposal copies were submitted.

Yes Proposal was formatted into nine (9) major sections: Letter of Submittal, including a signed Certifications and Assurances; Project Manager and Team Qualifications, Experiences and Requirements; References; Related Information and History; Cost Proposal and Compensation; Identification of Anticipated and/or Potential Project Problems; Signed Certificate of Compliance with Public Act 517 of 2012 Form; and Acceptance of Conditions.

Yes Respondent meets minimum qualifications:

1. Licensed to do business in the State of Michigan.
2. Will comply with the Certificate of Assurances set forth in Exhibit A.
3. Has certified that it is not an Iran Linked Business.
4. Submit proposals as specified in this RFP.

Yes Letter of Submittal and Certifications and Assurances were signed by an individual authorized to bind the Proposer to a contractual relationship, e.g., the President or Executive Director of a corporation, the managing partner of a partnership, or the sole proprietor of a sole proprietorship.

Yes Three (3) references from three (3) previous clients provided.

NOTE: "Yes" answers must be given to each element above for the proposal to be considered responsive.

# Leland Dam Authority

## Spillway Platform & Safety Access Ladder

### RCI | RICHTER CONSTRUCTION, INC. **PROPOSAL**

**BUILDING RELATIONSHIPS ON A FOUNDATION OF EXCELLENCE IN CONSTRUCTION**

---

April 22, 2022

Gerald Culman II, Maintenance Director  
Leelanau County Building and Grounds Department  
8527 E. Government Center Dr, Suite 101  
Suttons Bay, Michigan 49682

RE: Leland Dam Authority  
Spillway Platform & Safety Access Ladder - BID  
Leland, Michigan

---

Mr. Culman,

RCI | Richter Construction, Inc. is pleased to submit to the Leelanau County Dam Authority our proposal for the Leland Dam – Spillway Platform & Safety Access Ladder fabrication and installation.

Based on the detailed information provided to us and the scope of work further defined within the attached proposal documents, our proposal to the Leland Dam Authority is \$12,438.00. We have included within this proposal all construction costs associated with providing the Leland Dam Authority a complete installed product.

Please take time to review the specific details included within our proposal. If you should have any specific questions or would like any additional information for your use, please feel free to contact me directly in our Traverse City office.

Respectfully Submitted,

**RCI | Richter Construction, Inc.**

Kyle Richter  
Vice President

Leland Dam Authority

SPILLWAY PLATFORM & SAFETY ACCESS LADDER

Proposal Narrative

**GENERAL CONDITIONS**

- ☐ Site supervision and administrative contract coordination
- ☐ Project execution and management
- ☐ Shop drawings and submittals
- ☐ Temporary sanitary restroom facilities
- ☐ Legal off-site disposal of materials generated from this Work
- ☐ OSHA compliant work safety control

**STRUCTURAL STEEL**

- ☐ Fabricate one (1) steel platform w/ safety rails, and two (2) steel access ladders per Owner's drawings
- ☐ All fabricated steel to be sand blasted, powder primed, and powder color coated – color to be black – samples to be provided for Owner's approval
- ☐ All material to be delivered to powder coater, picked up and delivered to jobsite by Contractor
- ☐ Platform and ladders to be installed in existing concrete abutment with stainless steel anchor bolts and hardware
- ☐ Setting epoxy to be used in conjunction with stainless steel anchor bolts to fill voids where bolts penetrate concrete, in an attempt to help reduce damage from water freezing around anchor bolt cavities
- ☐ Supply necessary equipment, labor, and materials to install platform and access ladders
- ☐ Access ladder to be removable on control room side of dam
- ☐ Guardrail to be bolted to platform with stainless steel fasteners
- ☐ Includes field measurements of existing dam for final fabrication

**VOLUNTARY ALTERNATE NO. 1**

- ☐ Provide all stainless-steel material for platform and safety access ladder – includes powder prime and powder color coating.

**ADD - \$2,730.00**

## SPECIFIC CONSIDERATIONS

- ☐ Owner to provide electrical power, and water to RCI at no additional cost or penalty to this proposal.
- ☐ Proposal does not include any costs associated with Special Use Permits; including building permits.
- ☐ Proposal does not include design or engineering; Owner accepts liability for conceptual design of platform and ladder. If engineering is required, all costs shall be paid by the Owner as a direct reimbursable.
- ☐ Proposal does not include cost or allowances for material testing; all testing shall be performed as requested by the Owner or required by official authority and all costs shall be paid by the Owner as a direct reimbursable.
- ☐ The work of this proposal shall be specifically limited to the work described above. All changes are subject to review by RCI and formal Change Orders are required for all modifications.
- ☐ All parties agree to enter into a formal AIA A-105 agreement upon acceptance of this proposal.
- ☐ Payment terms are as follows: Progress payments shall be allowed at 30 day intervals throughout the duration of the project and shall be made payable within 10-business days of the date of receipt of such progress invoices; any balance shall become due and payable upon completion of the work of this proposal, and in all cases payment in full at the time of completion and issuance of the Certificate of Occupancy.
- ☐ No retainage will be held on this Agreement.

Gerald Culman II, Maintenance Director  
Leelanau County Building and Grounds Department  
8527 E. Government Center Dr, Suite 101  
Suttons Bay, Michigan 49682

RE: Leland Dam Authority  
Spillway Platform & Safety Access Ladder – Acceptance of Conditions  
Leland, Michigan

Mr. Culman,

RCI | Richter Construction, Inc. agrees to enter into an agreement with Leelanau County and comply with all Contractual Terms and Conditions as delineated in the Leelanau County RFP released on March 15, 2022.

Respectfully Submitted,

RCI | Richter Construction, Inc.

Kyle Richter  
Vice President

# **TECHNICAL EXHIBITS**

**Exhibit A - Certifications and Assurances**

**Exhibit B - Certificate of Compliance with Public Act 517  
of 2012 Form**

**Exhibit C - Checklist for Responsiveness**

**Exhibit D - Project Schedule**

**EXHIBIT A**  
**CERTIFICATIONS AND ASSURANCES**

THIS FORM MUST BE COMPLETED AND RETURNED WITH YOUR PROPOSAL. FAILURE TO SUBMIT  
THIS COMPLETED FORM MAY RESULT IN DISQUALIFICATION.

Firm Name: RCI | Richter Construction, Inc.

I/we make the following statement of assurances as a required element of the proposal to which it is attached, understanding that the truthfulness of the facts affirmed here and the continuing compliance with these requirements are conditions precedent to the award or continuation of the related contract(s):

1. The prices and/or data have been determined independently, without consultation, communication, or agreement with other proposers for the purpose of restricting competition. However, I/we may freely join with other persons or organizations for the purpose of presenting a single proposal.
2. The attached proposal is a firm offer for a period of sixty (60) days following receipt, and it may be accepted by Leelanau County without further negotiation (except where obviously required by lack of certainty in key terms) at any time within the sixty (60) day period.
3. In preparing this proposal, I/we have not been assisted by any current or former employee of Leelanau County whose duties relate (or did relate) to this proposal or prospective contract, and who was assisting in other than his or her official, public capacity. Neither does such a person nor any member of his or her immediate family have any financial interest in the outcome of proposal. (Any exceptions to these assurances are described in full detail on a separate page and attached to this document.)
4. I/we understand that Leelanau County will not reimburse me/us for any costs incurred in the preparation of this proposal. All proposals become the property of Leelanau County, and I/we claim no proprietary right to the ideas, writings, items, or samples, unless so stated in this proposal.
5. Unless otherwise required by law, the prices and/or cost data which have been submitted have not been knowingly disclosed by the proposer and will not knowingly be disclosed by him/her prior to opening, in the case of a proposal directly or indirectly to any other proposer or to any competitor.
6. No attempt has been made or will be made by the proposer to induce any other person or firm to submit or not to submit a proposal for the purpose of restricting competition.
7. I/we agree that submission of the attached proposal constitutes acceptance of the solicitation contents and the attached sample contract and general terms and conditions. If there

are any exceptions to these terms, I/we have described those exceptions in detail on a page attached to this document.

8. I/we acknowledge communication of any kind regarding my/our proposal directed to parties other than the Project Administrator may result in my/our disqualification.

9. I/we warrant that no conflict of interest knowingly exists for any member of the project team that contributed to this proposal or prospective contract.

**EXHIBIT B**  
**CERTIFICATE OF COMPLIANCE WITH PUBLIC ACT 517 OF 2012 FORM**  
*(Please type or print clearly in ink only)*

I certify that neither RCI | Richter Construction, Inc. (Company), nor any of its successors, parent companies, subsidiaries, or companies under common control, is an "Iran Linked Business" engaged in investment activities of \$20,000,000.00 or more with the energy sector of Iran, within the meaning of Michigan Public Act 517 of 2012. In the event it is awarded a Contract as a result of this solicitation, Company will not become an "Iran linked business" during the course of performing the work under the Contract.

NOTE: IF A PERSON OR ENTITY FALSELY CERTIFIES THAT IT IS NOT AN IRAN LINKED BUSINESS AS DEFINED BY PUBLIC ACT 517 OF 2012, IT WILL BE RESPONSIBLE FOR CIVIL PENALTIES OF NOT MORE THAN \$250,000.00 OR TWO (2) TIMES THE AMOUNT OF THE CONTRACT FOR WHICH THE FALSE CERTIFICATION WAS MADE, WHICHEVER IS GREATER, PLUS COSTS AND REASONABLE ATTORNEY FEES INCURRED, AS MORE FULLY SET FORTH IN SECTION 5 OF ACT NO. 517, PUBLIC ACTS OF 2012.
