To: Leelanau County Senior Services

God has provided the resources for our church to create an "Opportunity Fund" to make special contributions to bless and benefit our local area. At this time we understand the ugrency of being generous in light of the special needs arising from the coronavirus pandemic.

We are grateful for what you are doing to reach out and help the seniors of our county, and we are pleased to make this grant of \$1000.00 to help specifically with your pandemic fund.
