

Leelanau Township Board
Leelanau Township Planning Commission

April 5, 2021

As a 3rd generation farmer in Leelanau Township, I am very much in favor of the development of Timber Shores.

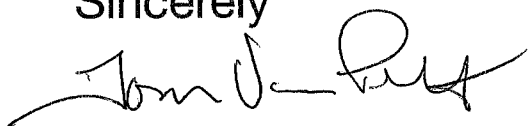

The economic growth it would bring to the area would be very significant. Also, employment, wages, increased sales for the shops in Northport, Omena and the other surrounding villages and towns will bring a lifeline to all.

Increased property taxes from the development can be used to finance improvements in our township that will benefit all of our citizens and visitors to our area.

One concern I have is the following:

Does anyone on the Township Board, or the Township Planning Commission own or have interest in any property within 1 mile of the development? If so this might be construed as a conflict of interest. This must be disclosed before any type of voting can take place. Please Address This Question.

Sincerely
