APPROVAL OF THE AGENDA

Consensus to approve the Agenda, adding under New Business #3 – Memo from Bill Drozdalski; and #4 – Susan Odom – request to return fee to John Zachman.

PUBLIC COMMENT

Sharon Livingston asked if there is anything new about the 1274 Peck Rd. issue thru your lawyer.

Rich Bahle said it is under #2, New Business.

REPORTS:

- **Treasurer** - As presented.
- **Planning & Zoning** – Tom Nixon said he has nothing to add to the Planning & Zoning Report submitted by Susan Odom. In response to Debbie Slocombe’s question, Rich Bahle said if it is a zoning enforcement issue, it lies with the Zoning Administrator, and any action beyond the Zoning Administrator would involve the Township Board.
- **Fire Authority** - No report.

- **Parks & Rec** – Debbie Slocombe said the Committee met last Tuesday at Herman Park and went through some of the line items. Looking to borrow a small spade or backhoe to move some of the larger spruce trees this fall.
- **Facilities** - No report.

OLD BUSINESS

1. Approval of August 12, 2020 Minutes

Tom Nixon/moved, Rich Bahle/supported, to approve the August 12, 2020 Minutes, PASSED.

2. Payment of the Bills

Sandy VanHuystee said 4 more bills were added since they were electronically sent – Pitney Bowes - \$200.73, SOS Analysis (water testing at Herman Park) \$20.00, Marge Johnson \$147.76, and Figura Law Office \$350.00, to add \$718.49, bringing the total to \$23,508.67.

Sandy VanHuystee/oved, Rich Bahle/supported, to pay the bills in the amount of \$23,508.67. Yes: Tom Nixon, Sandy VanHuystee, Rich Bahle, Debbie Slocombe, Cathy Hartesvelt. No: None. Motion passed.

NEW BUSINESS

1. Village/Township Leo Creek Culverts & road repairs: update

Rich Bahle said he had hoped to have something to report about the hydrology report and process going forward to address the Leo Creek culverts and the Elm Street repairs. Bahle said he did reach out to two of the individuals who are part of the partnership who would be working on that for us or with us. They didn't have anything to report.

2. Peck Rd Zoning Enforcement Issues

Rich Bahle said the Peck Road zoning enforcement issues are in the hands of the township attorney who is aware of the fact that Mr. Otto has not responded. The will move forward per the township's attorney's recommendations.

3. Memo from Bill Drozdalski- Sept. 8, 2020

The Board reviewed the Memo from Bill Drozdalski of Sept. 8, 2020 regarding expenditure requests for Herman Park.

- 1) – Submit soil sample to Tifton Labs to analyze the soil for the proposed soccer field development - \$620.

- 2) Purchase an exterior wall mount, infrared operated bottle fill which would be mounted on the well shed - \$1,900.
- 3) Bird spikes to purchase now and install after the structural sway bars are cleaned and painted - \$1,000.

Rich Bahle/moved, Sandy VanHuystee/supported, to approve funding the soil test at \$620, and purchase the bird spikes for \$1,000.

Discussion-

- *Debbie Slocombe, Parks and Recreation Committee is requesting that the ADA drinking fountain and water fill be purchased for May 2020 installation. Unit - \$6,500, and installation \$1,000 to \$1,500.*
- *Rich Bahle – We have October thru March to place that order, and it still would be in this budget year. The drinking fountain and water fill will be on the October agenda.*
- *Tom Nixon – Does the Parks and Rec Committee want to purchase the drinking fountain and not the bottle fill right now.*
- *Debbie Slocombe – The ADA drinking fountain and bottle fill are a unit that would fit on the well shed and plumbed into the pressure tank. Water bottles can be filled and you can drink from the water fountain. Pictures of the unit are available.*
- *Sandy VanHuystee – I would like to put that on hold because of the Covid situation. Drinking fountains are covered and sealed with plastic and are not useable. By next summer we can have a drinking fountain, but for right now that should be put on hold and discuss it later.*
- *Debbie Slocombe – the township board has allotted \$8,000 for the drinking fountain in this year's budget. Parks and Rec Committee wanted to purchase the unit before winter. Does the Park & Rec Committee then have that money to spend elsewhere.*
- *Rich Bahle – We need clarity of what we are purchasing. We want to make sure that we have a way for people to get a drink there in the future. Sandy's point is well taken. Recommend deferring discussion of purchase of drinking fountain and bottle fill to the October meeting.*
- *Tom Nixon – Support soil testing and bird spikes.*

For the motion: Yes: Tom Nixon, Sandy VanHuystee, Rich Bahle, Debbie Slocombe, Cathy Hartesvelt. No: None. Motion passed.

Comments from Rich Bahle - The Herman Park water point will be discussed at the October meeting so that we could get some clarify. I would hope that the device would have a series of valves so that certain portions could be shut off. I am asking Debbie Slocombe to circulate the picture of the water point.

4. Susan Odom's Request To Waive the Fee Paid by John Zachman for his recent request to make changes to his Special Use Permit.

Discussion –

- Rich Bahle said Susan Odom asked the question two months ago, and I had answered her that we didn't have a policy that supports that. I didn't think it was appropriate to return fees without some policy in place.
- Debbie Slocombe said having joined the Planning Commission to hear some of the discussion on this, I really think that he requested this back in March when the Covid issue came about. Being a rental owner myself, it was a very frustrating time for all of us, and the Governor shut down basically our income for about three months. When you are trying to make a living off especially what he is doing, to have been denied, or the frustration level, he didn't actually get an answer until this month or the end of last month. He was able to use some of his time in the fall. Being under duress, \$300 or \$350 is a lot of money during that time when you are not making any money. He could have started to do it in June but wasn't given an answer for two to three more months after that. So, he couldn't have even made up that money.
- Rich Bahle said I think you are conflating two issues, his ability to run his business had nothing to do with his petition to the Planning Commission, nothing whatsoever. It was the Governor's Executive Orders that shut down businesses, had nothing to do with Suttons Bay Township or with the Township Zoning Administrator. He was petitioning for changes in his usage, and we can be frustrated with that, but again his income stream and any eruption on that had absolutely nothing to do with Suttons Bay Township.
- Debbie Slocombe said it did because he wasn't given answers to be able to allow him to do something else.
- Rich Bahle, no the Executive Order is what shut down the business. We did not shut his business down.
- Debbie Slocombe, he is only allotted two events a month, and he lost six events. He was petitioning to be able to make up those events and wasn't told that he could or couldn't make up those events until recently.

- Rich Bahle said there were a lot of things going on there that I don't want to go backwards and relitigate what happened in that period. I don't think this is the right venue for that. I personally do not support returning fees to him at this juncture. The township doesn't have a venue. I don't think that we can unilaterally decide to return one person's fees or not, or another person's.
- Debbie Slocombe, do you think that he was served due diligently in what he asked for in a good rightly timeframe.
- Rich Bahle said yes. Any other board members, okay then, that is the end of the regular agenda.

PUBLIC COMMENT:

Susan Odom said I didn't expect you to pass that. Thank you Debbie for bringing it up. I gravely disagree with you Rich. The first e-mail that John Zachman wrote to Steve Pamore was on March 17th. Steve Patmore never answered that, he never answered the one on May 18th, and in fact John Zachman never heard from him until towards the end of May. In his e-mail to me he was desperately trying to get some help from somebody at the township. All of the stuff I started happened that night when I realized a resident of our township had been ignored for many many weeks going into months, and that he had wanted to be on the agenda starting on March 17th, and he wasn't able to be properly put on the agenda in June. He could only come under public comment because we hadn't had enough time. So that is why I feel so heartfelt about this. I am going to pay him back personally. If you watch the zoom recording of that, you can see him make the connections between all these things, and you can see in his face that he realizes he has been treated poorly. I cannot stand by and be part of that because not only is it wrong for me to have to run a Planning Commission Meeting when I realize that's what happened. It is poor service for our entire township. My neighbor, Beth Channer, called him starting a year ago about an issue and never received a call back. At our last meeting a woman named Barbara Hagan came to speak against wedding venues. She said she called Steve about a week ago, never heard from him. So this is an ongoing problem. You said this is not the venue to speak about it. When is that venue? We tried just you, me and Tom. There's not been a lot of success since then. There has already been continuing problems since our meeting on July 3rd. So, that's what I have to say.

Rich Bahle, anyone else?

BOARD MEMBER COMMENTS:

- Debbie Slocombe – I don't have any.

- Tom Nixon – I didn't know that Sharon was going to make some comments. She was told to hold those statements until after the Peck Rd issue was discussed.
- Sharon Livingston - I do have one more concern. He is evidently using the gas tank now. For the first time on Sunday he was gassing his boats up. There is no slab for him to put on and get them gassed up. What he is spilling off, even though if only a few drops, is going directly into the ground. I am not a mile from the bay or creek. I just wish there would be more input instead of saying it is in the lawyer's hands. I have to agree with Susan, we did not get a lot of feedback from Steve or Rich for that matter. It's taken forever to get like this, for someone to follow through and show some interest in what is going on over there without us having to come to every meeting and voice our opinions. We are worried about the groundwater and everything. If he does everything by the rules, that's fine, but he has not done anything by your rules and your recommendations, and no one has done anything about it except for us coming to you, and it is sad. I agree the service is not good. We are going on two years now. Thank you.
- Sandy VanHuystee - we are big time into the election and already have 25 percent more requests for absentee ballots than we had in August. We are working daily on the election. We will do well.
- Cathy Haretsvelt – No comment.
- Rich Bahle – No comment.

ADJOURNMENT - Rich Bahle adjourned the meeting at 5:48 p.m.
