Subject: Public Accuracy Test
Date: Monday, January 29, 2024 11:13:10 AM

Please post for 1/30 BOC meeting agenda.

On January 29, I attended along with some 100 county residents the Public Accuracy Test for the integrity of our county's voting machines and process. Kudos to Michelle Crocker, Marian Kromkowski, and John Gallagher for conducting the session and educating the public about our voting system. We are fortunate to have elected officials with such experience and knowledge to insure our votes are properly tallied. Let us hope that skeptics in our community can be reassured that Leelanau County is at the top of all counties in Michigan for conducting our elections with accuracy.
