Subject: Stop Politicizing the Public Health and Safety of Your Constituents; Support the BLHD Without Exception
Date: Thursday, September 9, 2021 3:53:32 PM

Michelle,

Please forward to Commissions and include in public comments for tonight's meeting. Thank you.

Commissioners:

I (and others) are very concerned about you calling a Special Meeting regarding the BLHD Mask Order.

BLHD are the experts. You are not.

BLHD is following recommendations from other impeccable professional and governmental experts:

the American Academy of Pediatrics, the Michigan Department of Health and Human Services, and the Centers for Disease Control and Prevention.

Dangerous new variants are ravaging our country and county. Our children are hugely vulnerable because they are susceptible to these variants and they currently do not have the option to be vaccinated.

Your attempts at politicizing public health and safety (Barrington Declaration and not masking) are deeply disturbing and a dereliction of your duty to your constituents. Stop. Now.

Do your job, part of which is to totally and completely support the BLHD as they do theirs, which is protecting the health of the citizens of this county, including and especially the most vulnerable.

Support BLHD down to the very last nanogram.

We are watching and we will not forget.
