Re: . Benzie/Leelanau District Health Department  
Mask Order

Dear Commissioners,

We are concerned that the Commission has chosen to question the merits of the recent Benzie/Leelanau District Health Department Public Health Order. The order is consistent with worldwide medical findings and simple scientific facts and logic. We urge you to set-aside any emotional leanings and follow the rational of medical and scientific professionals with an accumulation of thousands of years of education and experience.

Regards,

Timothy Carpenter, BSCE, MSCE, PE.

Sharon A. Carpenter, RN (retired)
