Subject: Letter for Executive Meeting October 5,2021
Date: Monday, October 4, 2021 8:09:54 PM

Dear Clerk,

Please share this letter to all the Commissioners prior to the Executive Meeting on 10/5/21.

Thank you,
Maureen Fletcher
Lake Leelanau

My name is Maureen Fletcher from Lake Leelanau.

This letter is addressed to Commissioners Bunek, Lautner, Robbins and Rushton. I am opposed to their possible creation of two new departments - Finance and Human Resources. Their partisan vote for these changes diminishes their credibility in light of their constant cry to control County expenditures and not burden the taxpayers.

This administrative recommendation was brought to the BOC as a surprise motion by Robbins who stated that he had conversations with the County Clerk. He alleged she was overworked which affected her health. When Robbins was asked for further explanation of his discussion with the County Clerk, he was not forthcoming with facts. The Clerks comments later confirmed Robbins had outright lied.

There have been no further discussions, no analyses, no data collection, justification or an action plan to justify moving forward with Robbins pipe dream.

These four Commissioners clearly have no accountability with regard to serving the residents of Leelanau County. Integrity is lost on these four Commissioners!
