

Just doing his job, as always

~~To the editor,~~ BAC

Protecting our borders is an American issue not a political issue. I am grateful for Sheriff Borkovich's attendance at the Grand Rapids rally. Sheriff Borkovich was invited to President Trump's round table discussion in an official capacity as head of law enforcement for Leelanau County. He chose to represent the citizens of our county and share his experiences of what works and what doesn't as it relates to potential immigrant crime.

As Sheriff Borkovich stated in the Enterprise, he "went down there for border security issues". The recent murder of a woman in Kent County by an illegal immigrant is of concern to many citizens of Leelanau County. One way our sheriff is addressing this issue is to keep up to date on how to best protect our border and effectively deal with illegal immigrant crime.

Let's thank Sheriff Borkovich for making this effort to serve and protect Leelanau County residents.
