Dear Laurel,

Due to the pandemic, I ask that you have my letter read out loud at tomorrow's County Board meeting.

County Board Commissioners,

Please consider appointing future Commissioners to the Road Commission Board. The Road Comm. needs professional people on the Board to make good decisions for the citizens of Leelanau County. This can only happen if future members are chosen that have the expertise to contribute to sound policy making decisions. As you can see by the recent resignation of 2 Managers and a long time Clerk, things are not going well there. Commissioner's who are seated by popular vote, are not always the best for the job.

Sincerely,

David Newman

1625 S. Lake Leelanau Dr.
