

For Leelanau County Commission Regular meeting on July 19 at 7 PM and
Special meeting July 25, 2022 at 9:00 AM *PM*

2022-7-25_lccspecmtgseptic

At the 7/12/22 Leelanau County Commission Exec. Committee Meeting a person made a statement re the “..Need for a County Wide Septic Ordinance...”

One has to wonder how our county has survived/remained healthy for decades without a **Septic Ordinance**. **Surprise! It's due to the Leelanau County Health Dept. Environmental Health officials/ staff who have provided superior services to manage all aspects of on-site septic systems according to state law.**

For a year taxpayers/inhabitants have observed most commissioners reckless & costly flailing around by moving HR and Finance from the Clerks Office. A apology for such a **bad decision** is in order. Their ineptness has ruined the **Board's integrity**. The Board wants us to trust their **omniscient** and **omnipotent incompetence** some more to impose an unneeded/unjustified/unnecessary county-wide septic ordinance! **Give us a break!**

Leelanau County Commissioners STOOL FOOLS

Best. Septic Truck. Ever!
