* **'Fraud' definition and Preface (Corruption of Social Order):**

Double sided sheet given to each commissioner, Clerk and Administrator, before meeting began.

* **Accounting for the May 11, 2021 Clerk-Loathing decision Fiasco: NOT on agenda for action/discussion.** Why not? The No. 1 and only immediate goal/objective for commissioners! Failure to not to perform an accounting of costs to taxpayers & harm to people may be a breach of fiduciary obligation/duty. Do commissioners understand their Purpose and Fiduciary Duty? Quote read @ 'Fraud' page bottom: ***"A great deal of intelligence can be invested in ignorance when the need for illusion is deep"***. --Saul Bellow

* **A 'lockbox' mentioned tonight.** That word to be avoided as we all know how our elected Congress has STOLEN & SPENT ALL the Social Security Retirees' trust fund money--so ZERO remains!

* **County Jail: 82 bed/cell certified penitentiary—we only needed a 42 bed jail! TAXPAYERS' COST: \$100/day for EACH & EVERY bed/cell 365 days per year FOREVER!** County occupancy rarely above 20. Few beds/cells rented to other counties for \$35/bed-cell. Taxpayers are SUBSIDIZING other counties at \$65/day/cell-bed. A monstrous taxpayer expense Albatross.

* **Grants Have agendas.** Require many reportings and TAXPAYERS rarely informed of of onerous operational costs.

* **'New' Finance Director "selection(?)" process:** Appears to us lots of behind-the-scenes 'activity' by certain individuals 'in the know' -- then other commissioner are 'informed' to 'catch up'. This commission's conduct/behavior to DATE with no Accountability action for the 5/11/21 fiasco doesn't appear 'different' than **prior** commission questionable/bad conduct/behavior .

* **"The percentage of Correct Decisions..."** Easy for commissioners to do as no PERSONAL COST/ACCOUNTABILITY...as using Other People's Money (OPM)...
