

MINUTES
Short-Term Rental Ordinance Special Committee
February 15, 2024 3:30
Glen Lake Community Library

Meeting called to order at 3:30pm
Committee members present: March Dye, Meg Walton, Bob Chase, Carey Ford
Also present: 10 members of the public
The meeting was recorded.

It was noted that this was a committee meeting and that the committee was tasked with developing an ordinance and other material needed to implement a STR Ordinance. The public was asked to reserve their comments for the end of the meeting.

A draft ordinance was handed out to audience members so they could follow the discussion.

The committee went over the sample ordinance line by line. Various questions were posed and adjustments made or considered.

March Dye talked to Joyce at the Environmental Health Dept. of BLHD. She stated that the septic system size and permit is based on 2 occupants per bedroom. She also said that her boss, Eric Johnston who is the Director of Environmental Health would be glad to come and talk to us about the importance of healthy septic systems as pertaining to STRs.

It was agreed by the committee to ask for an extension for our committee. We would like to get as much information as possible before submitting a draft ordinance to council.

Audience comments were accepted. The draft ordinance copies were collected.

Meeting was adjourned at 4:45 pm.

Submitted by March Dye
