We discussed a possible questionnaire and questions which could be asked. It was decided not to go down that path since it was not in our charge from the council.

We tried a different approach at this meeting in taking questions and suggestions from the audience. We allowed the audience to take part in the discussions as they went along instead of just at the end of the meeting. We believe that this helped the public feel heard and cleared up some misconceptions. It also helped the committee.

Research was passed out concerning Lake Michigan communities on the west side of the state.

We had preliminary discussions concerning caps and fees.

We may have not gotten much done at this meeting but we had a good dialogue and will continue to work on the ordinance and registration documents.

Our next meeting will be next week sometime.

Meeting adjourned 2:30pm
